optional infeed & outfeed
table and casters

The BEL 151 is a high quality, semi-automatic bottom only tape case sealer designed for the entry level market. This versatile and compact machine is often combined with a BEL case former to create an easy to use and compact case erector.

A main feature of the BEL 151 is the Uni-Drive System which powers both side belts with a single motor, keeping them synchronized to provide a square seal even after prolonged use. This simple and rugged design will deliver years of reliable and low maintenance performance.

STANDARD FEATURES

- » Paint-free finish guards provides a clean finish protecting against contamination or peeling paint
- » Uni-Drive squaring technology that provide consistent and uniform seal on cases
- » Designed and built in North America with premium materials 2 point tool-less case size changeover
- » Simple and quick operation and maintenance
- » Reliable, consistent "no break" tape advance with DEKKA 22 Stainless Steel 2" tape heads

MACHINE SPECIFICATIONS

- » Machine Weight: 400 lbs
- » Machine Dimensions: 37.5"(L) x 33"(W) x 39"(H)
- » Electrical: 120 Volts, 1 PH, 60 Hz - 8 amp draw
- » Speeds: up to 30 cases per minute

Easy Case Size Changes
Tool-less case size changes are simple and quick with change points accessible from both operational sides of the machine.

Lasting Performance
Corrosion resistant and paint free construction guards against machine wear and extends machine life.

On Machine Instructions
User-friendly pictorial guides and color coded labelling for convenient operation and size changes.

Repeatability and Reliability
Wexxar/Bel's Uni-Drive System synchronizes both side belts, eliminating case skew, ensuring a square seal even after extended periods of use.

COMPLETE SOLUTION

BEL 505 series
Semi-automatic case forming and packing station folds and holds a case blank in place, providing an efficient and ergonomic solution for hand pack lines.

Accumulation Table
Ensures product is delivered continuously and ergonomically to the operator. This allows convenient and quick packing as it keeps the product in reach of the operator.

KDF Box Stand
One of the most popular accessories for semi-automatic packaging lines. The box stand holds case blanks in a convenient position for quick and ergonomic packing.

OPTIONAL MODIFICATIONS

- » Modifications for undersized or oversized cases
- » Enviroguard water resistant options available
- » Gap Flap or other case style modifications
- » Custom voltages
- » 3" Tape head upgrade

OPTIONAL ACCESSORIES

- » Locking casters
- » Infeed/outfeed table or conveyor
- » Accumulation table
